 published by Groundwood Books

### INSTRUCTIONS:

Print out two colour copies of both 8.5"x11" pages on heavy paper, then cut out the shapes on their black lines.

Take string or yarn and cut a long length to glue in between the shapes and attach them together in a line. Make sure to leave it long at the top for hanging your ocean mobile to a window, wall, or ceiling.

Glue the matching two copies of each shape together, pictures facing outward, with yarn or string inbetween.

# MAYBE A WHALE

## DISCOVERY SPINNER ACTIVITY

What can you find swimming beneath your kayak?

### INSTRUCTIONS:

*Print out colour copies of both 8.5"x11" pages on heavy paper then cut out the circles, including the white hole on page one.*

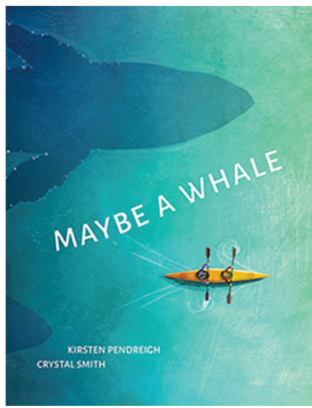

*Stack the circle from page one on top of the circle from page two.*

*Use a metal brad/fastener and push it through the centre of both circles so that the bottom circle can spin underneath, revealing ocean surprises!*

*Cut out this white space.*
